Management REPORT

October 21, 1954 No. 92

COMMUNITY CHEST COLLECTIONS are coming in slowly and it appears that we shall fall short of our goal unless cards still out bring in sizable pledges and folks who have said "No" change their minds and say "Yes" instead. These questions are often asked:

1. Does the money go to Community Chest headquarters in New York or somewhere? No. The local Chest board writes the checks to the agencies benefitting from the drive.

2. Is the local Chest part of the Vancouver United Fund drive? No. Our drive is completely separate. Some agencies participate in both drives (Boy Scouts for example).

3. Does the money stay in Clark county? Yes - except that paid into the Portland area Scouts. It helps pay for service our Scouts get from the Scout office.

INVITATIONS TO THE SERVICE PIN DINNER October 28 went out last week. If you are to receive an award and have not yet sent in a reply, will you please do so at once. You will thus greatly aid the committees who are working on seating arrangements.

* * * * * * * * * * *

NEW EMBLEMS which some employees requested in exchange for their service pins arrived some time ago. If you requested an exchange and have not picked up your new pin or tie bar, please contact Mrs. Berney's office - it's probably waiting there for you. By special arrangement at Headquarters, retired associates may also now exchange their pins for the new awards. Letters went to them yesterday informing them of this offer.

ENROLLMENT AT PAPER SCHOOL is 306. Camas employees number 172. The largest delegation of out-of-town students comes from West Linn - 47. St. Helens is sending 30, 23 of whom came last year. Other groups are from No. Portland, Waterway Terminals, Western Transportation, Portland Office, and Clackamas Tree Farm. Tonight (Thursday) Gus Ostenson addresses the Fourth year class. ATTENTION PLEASE: All employees are invited to the Third year lecture tonight (Thursday) to hear Professors Bror Grondahl and W. I. West, U of W, speak on The Use of the Electronic Microscope in Wood Study. This will be at 7:30 in the supervisors meeting room.

Crown Zellerbach Paper Co.
Camas, Washington

Attention: Mr. Gallaway

Dear Sir:

We wish to thank you very much for your kindness in showing our boys and girls through your vast mills. We felt the trip was one of the most interesting and beneficial we have ever made. The men who guided us through were most informative and helpful. Thank you again.

Sincerely,

Fifth Grade Teachers

A THANK YOU TO OUR GUIDES. The accompanying letter is a sample of those often received after groups tour the mill. Much credit goes to our guides who by their friendliness and courtesy are doing an outstanding job. John Mills has been serving as the regular guide. In addition, a pool of 50 employees, mostly paper school students, volunteered their services, have had training sessions on guiding and are available on call. Forty of these men were on duty in one afternoon during the visit of the American Forestry delegates on September 8. Since July 1, more than 2800 persons have visited the plant.

THE CROWN CAMAS FEDERAL CREDIT UNION has passed the $5 million mark in the amount of money lent since the opening of the office in 1936. This amount has been distributed to 13,000 borrowers, for loans averaging $385 each. Sam Purdy, time office, president of the local unit as well as the Clark county chapter, presides tonight over a dinner at Shumway Jr. High in Vancouver where 300 credit union officers of the southwest Washington area will gather in observance of National Credit Union Day.

DON'T FORGET - Personal and gift subscriptions to LIFE, TIME, SPORTS ILLUSTRATED, and other publications of TIME, Inc. must be turned in at the Clockroom before Nov. 4 in order to get the advantage of special subscription rates.

- It's still very important that you keep your insurance beneficiaries up-to-date.
- If you no longer have children under 19 years old, you may apply for a lower insurance rate, since they are not included in your family coverage.

A TECHNICAL LIBRARY developed by Jack Miller and maintenance supervisors is now located in the Maintenance Control office. Between 40 and 50 borrowers have already made use of the 50 books on the shelf, according to Ray Pearson who has charge of the project. The library was set up as an educational aid in the mechanics training program, but is available to any employee wishing additional information. The volumes may be checked out for two week periods by means of library loan cards. They deal with such specialized subjects as Procedure Handbook of Rigging, and Mathematics - Electrical, Carpenters' and Automotive. A woman visiting in the department studied with bewilderment the cover of a book entitled "The Ox Welders' Handbook" - looked vastly enlightened when Ray explained it was a text on oxygen and acetylene welding.

TWO YEAR-OLD Douglas fir trees will be available about Nov. 15 for any who are developing farmers' woodlots or replanting forest lands. Our timber department through Therone Faris, farm forester, is offering these seedlings in bundles of 200 for $1. If you are interested, stop at the Clockroom before Nov. 1 to fill out your order blank. This offer is not to be confused with the usual gift program of Port Orford cedars which comes later.
